PROGRAM

KnILE EduCoachNow - Who We Are, What We Offer

KnILE EduCoachNow is a one-on-one customized educational enrichment program for grades kinder to high school. KnILE EduCoachNow combines cognitive and academic skill training to arm students with the best tools necessary for success in school.

The net result is a student who can attack and process any subject much more effectively than if he or she had attended a traditional tutor.

Some of the skills your child will learn at KnILE EduCoachNow include:

- Effective reading and comprehension skills
- Increased Cognitive Skills
- Organizational skills
- Critical thinking skills
- Strategic study and testing skills
- Problem solving skills
- Goal setting techniques

As part of the Knile EduCoachNow program, we will personally meet with your child's teacher and school to advocate for your child and his or her needs.

We believe that education is NOT one size fits all.
