## KnILE Center - Who We Are, What We Offer

KnILE Center is an educational center for students who want a more personalized approach to learning. KnILE Center works with students of many different learning capabilities in its two foundational programs:

- **KnILE Prep Academy** is a 1st – 12<sup>th</sup> self-paced private school with a low teacher-student ratio.
  - Full-time, part-time and home school schedules.
  - KPA Collaborative – whether your student is an athlete, actor or entertainer with a challenging schedule, KnILE Prep Academy offers a personalized educational solution that can be accessed from anywhere that there is an internet connection.
- **KnILE EduCoachNow** is a one-on-one customized educational enrichment program for grades kinder to high school. KnILE EduCoachNow combines cognitive and academic skill training to arm students with the best tools necessary for success in school.

We believe that education is NOT one size fits all.

Both programs provide a tailored package to meet the specific needs of each student. No two students learn the same way so each curriculum is unique to the needs of each student, this assures that all of our students get the most out of either program.

We are driven to make sure that each student can maximize their potential.
